Jim, re Chastain's letter: I see nothing to confirm his conclusion and am inclined to doubt it. However, I'd trust his fact, and part of it is in an area that interests me, where I have some beliefs. I tried to borrow Thompson's tapes to listen with care. Couldn't. He played them and talked, and sometimes Hunks was talking at the same time, so it was impossible. However, I have no doubt that something was done by these characters and I do have some beliefs about some of their activities. So, when they appear, if they do, I'd like to see the pieces. Or if you se the mss. Thanks HW 7/11/75
